SPEEDCUT® mini

ORDER TODAY

PORTABLE. POWERFUL. AFFORDABLE.

The SpeedCut® mini offers the quality design and versatility of the SpeedCut® system in a compact size. The smallest and lightest machine of its kind, the SpeedCut® mini is designed for maximum portability and convenience. It includes a mounted power drill motor capable of handling basic drain cleaning and descaling jobs as well as a foot pedal that frees up both hands for cable control. The SpeedCut® mini is designed and built in the USA.
